

APPRECIATED BY SWIMMERS

DEPRECIATED BY ACCOUNTANTS

Switch to AIS water disinfection technology before June 30 and you could be eligible for the Federal Government's Instant Asset Write-Off Scheme!*

AUTOCHLOR™ MIDI SEMI-COMMERCIAL

Designed for the unique needs of swim schools.
Recommended TDS level;
3000 - 5000 ppm.
Chlorine output: 100 g/hr - 150 g/hr
RRP from \$3,670 + GST
Warranty: 1 year

Installed between your filters and the pool, Australian Innovative Systems' (AIS) chlorine generators help protect swimmers against waterborne pathogens and the transmission of infectious disease without the continuous expense or hassle of buying and storing liquid or granular chlorine. Water stays clear and clean with minimal operator involvement.

AIS' Australian designed and manufactured technology is operating in hundreds of thousands of facilities worldwide, including FINA Standard competitive pools, swim schools, municipal aquatic centres, educational facilities, theme parks and private residences.

ECOLINE™ COMMERCIAL

Designed for larger-scale aquatic facilities.
Recommended TDS level;
1200 - 2500 ppm.
Chlorine output: 65 g/hr - 4000 g/hr
RRP from \$11,035 + GST
Warranty: 3 years
