Inline chlorine generation via electrolysis is revolutionary

AIS' award-winning technology is a **Simpler, Safer and Smarter** way to disinfect pool water, even at low TDS. It's time to make the switch from conventional chlorine dosing. Watch these videos to understand why.

Why Choose AIS?

- AIS is passionate about transforming the future of pool water sanitization.
- Inline chlorine generation via electrolysis delivers all the benefits of clean and bacteria free water without the risks and hassles associated with conventional chlorine dosing.

About AIS

Australian Innovative Systems Pty Ltd (AIS) is an award-winning industry influencer with a 25+ year history of innovation and excellence in the design, production and supply of inline chlorine generation technology via electrolysis.
